Product Description

Ariens MAMMOTH® 850

The Biggest Blow to Snow Since the Ice Age

This go anywhere, clear anything behemoth was designed and built unlike anything anyone has seen before. From its best-in-class engine to its beefy, four-wheel-driven tires, there is not a snow-covered path it cannot clear with ease. Read on and you'll quickly see how the Mammoth is wreaking vengeance on snow. Find Your local dealer

Best-in-Class Engine

The Mammoth 850 boasts a 28.5hp Kawasaki 850V-EFI engine with Electronic Fuel Injection for reliable starting on cold days.

Four-Wheel-Drive Power

A Parker HP2 Pump powers individual Parker DF-series motors to move the massive 22" Terra-trac tires, propelling this beast at speeds of up to 8 mph forward and 4 mph in reverse.

Convenient Dash Panel Design

All controls are located right at your fingertips. One hand drives while the other works the attachment joystick. Heated hand grips come standard.
